

How would you like to **save 5-10%** off your current IT spend within the next 9 months!

“The **Strategic Sourcing Group** are specialists who deliver the **best-in-market IT** sourcing solutions available!”

Strategic Sourcing Group, Inc. (SSG)

SSG is a privately held corporation delivering comprehensive sourcing solutions for information technology (IT) to leading organizations. SSG's Founding Principals have compiled an enviable and consistent track-record of decreasing spend and reducing risk while improving commercial terms and the sourcing process. SSG works at both the strategic and tactical levels to deliver targeted results in the short-term while implementing the framework and processes to achieving on-going, high-value results.

Our Approach

SSG delivers our expertise in both T&M and solutions models. Additionally, we provide a “on the savings” pricing model – so we only win when we save you money!

Our People

We've compiled and teamed with the industry's most talented resources. We supplement your staff with the most highly-qualified professionals available – freeing-up your people to focus on core and/or higher-value business goals and activities.

“The partners at SSG distinguish themselves as professionals in both IT and sourcing. They are technology-savvy sourcing experts and they deliver superior results. I value their expertise.”
